CERTIFICATE OF CONFORMITY

We herewith certify that all products manufactured by the AMC AG, Division INTERCOAT and delivered in unprinted condition is in compliance with the Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003 on the restriction of the use of certain hazardous substances in the electrical and electronic equipment and the RoHS Directive 2011/65/EU + EU 2015/863.

Also we hereby certify that, in all our products for the label application, also the sum of the concentrations of the contained heavy metals (Lead, Mercury Cadmium and Chrome-^{VI}) is lower than 100 ppm (parts per million).

Small quantity of pollution according to the state of the art cannot be excluded depending on the earth wise availability of such substrates which are named into the VDA-List 232-101.

This Certificate is based on our best knowledge and belief.
